

src/main/java/com/dani
/viajes/model/Itinerario.java

```
graph TD; A["src/main/java/com/dani<br/>/viajes/model/Itinerario.java"] --> B["java.time.LocalDate"]; A --> C["java.util.ArrayList"]; A --> D["java.util.List"];
```

The diagram illustrates the imports used in the file `src/main/java/com/dani/viajes/model/Itinerario.java`. Three blue arrows point from the top box to three separate boxes below, representing the imported classes: `java.time.LocalDate`, `java.util.ArrayList`, and `java.util.List`.

java.time.LocalDate

java.util.ArrayList

java.util.List
